June 2025 – August 2025

- Produced reader-focused news content for high-traffic digital platforms, ensuring accuracy and editorial quality.
- Wrote, edited, and proofread articles for both website and print formats in a fast-paced newsroom environment.
- Gained practical experience in high-volume digital news production, meeting daily publishing deadlines.

Content Writer | [News Storms](#)

February 2025 – April 2025

- Developed engaging news stories with a strong focus on digital storytelling and audience engagement.
- Sourced and refined content from news agencies (PTI, ANI) into original, well-structured articles.
- Created audience-centric content that contributed to increased online readership and engagement metrics.

KEY PROJECTS & PORTFOLIO

News Writing — Multi-Platform (4 Months)

Developed original news content by sourcing from wire agencies (PTI, ANI) and refining into polished articles. Crafted compelling headlines, subheadings, and well-structured pieces for both digital and print audiences.

Blog & Article Writing

Authored 20+ articles for [imstoday.in](#) and other platforms, covering topics from education policy (NEET-PG, UGC) to urban infrastructure (DMRC fare hike). Applied thorough research and unique storytelling angles to maximise reader impact.

Interview Hosting — [IMS Today](#)

Managed the full interview lifecycle — research, question drafting, on-camera hosting, and post-production — for 10+ industry professionals. Produced Hindi-language interview series (Shakhsiyat) and English-format segments for IMS Today's YouTube channel.

Newspaper Designing (Print & Digital)

Designed 10+ newspaper layouts for print and digital platforms using InDesign and Photoshop, focusing on layout structuring, typography, and visual hierarchy to maximise readability and audience reach.

Voice-Over & Short Film Production

Contributed as a voice-over artist and performer to 2–3 short films with social messaging themes, including Umeed Aur Uljhan (student life) and 1930 (AI & society). Collaborated with production teams through FTII-certified short film production training.

PUBLICATIONS

Book Chapter Author — *Reporting the Future: Journalism in the Digital Age*

Currently under editorial review. Authored two chapters:

- "The Evolution of Journalism in the Digital Age" — Traces the transition from print to digital media, examining shifts in news production, dissemination, and consumption.
- "AI and the Effectiveness of Digital Advertising Ecosystem" — Examines the growing role of AI in digital marketing, the challenges it poses, and the future of the industry.
